

## Fall Enrollment 2017-18

Institution: Alabama State University (100724)

User ID: P1007241

### Overview

#### Fall Enrollment Overview

The Fall Enrollment component collects student enrollment counts by level of student, enrollment status, gender and race/ethnicity. In addition, first-time student retention rates and the student-to-faculty ratio are collected. Every other year data on residence of first-time undergraduates is required and in opposite years, enrollment by student age is required to be reported.

Institutions operating on a traditional academic year calendar (semester, trimester, quarter, or 4-1-4) report Fall enrollment as of the institution's official fall reporting date or October 15. Institutions operating on a calendar that differs by program or that enrolls students on a continuous basis (referred to as program reporters) report Fall enrollment as students enrolled any time during the period August 1 and October 31.

#### Data Reporting Reminders:

- Part B, Enrollment of students by age, is **required** this year.
- Part C, Residence of first-time degree/certificate-seeking undergraduates, is **optional** this year.

The graphic element is a complex composition of geometric shapes. It features a grid of colored rectangles in shades of blue, teal, and brown. The shapes are arranged in a way that creates a sense of depth and movement, with some rectangles overlapping others. The overall effect is a modern, abstract design.

Part C - Screening Question

**Did any of your first-time degree/certificate-seeking undergraduate students (reported in Part A) enroll within 12 months of graduating high school or receiving their GED?**

- No, we do not have any first-time students who enrolled within 12 months of their high school graduation.
- Yes, we have first-time students who enrolled within 12 months of their high school graduation.

**You may use the space below to provide context for the data you've reported above.**

Part F - Student-to-Faculty Ratio

The table area is mostly obscured by a light blue gradient overlay. A small portion of the table structure is visible, showing a header row with four columns and a data row with four columns. The data cell in the second column of the data row is highlighted in a darker shade of blue.
